

Part of Chittagong, Bandarban is a district in south-eastern Bangladesh. It is one of the three districts that make up the Chittagong Hill Tracts, the others being Rangamati and Khagrachhari. This city is the remotest and least populated city in the country. The majority of people are of indigenous ethnicity, such as Bomong, Marma, Mru, Tanchangya, Khyang, Tripura, Lushei, Khumi, Chak, Kuki, Chakma, Rakhine (or Arakanese), Riyang, Usui and Pankho.

Most of them are highly dependent on irrigation such as jumm farming, which is a 'slash and burn' agricultural technique used in Bandarban and other hill tracts. BRAC has offered few of its core programmes in Bandarban including microfinance, health, nutrition and population (HNPP), and the education programme (BEP). Apart from it, BRAC's new initiative, the skills development programme, provides holistic skills development training and decent employment opportunities, enabling young men and women to realise their full potential.

Bandarban is one of the major tourist attractions in Bangladesh. Notable tourist destinations include Tahjindong, Keokradong (the highest peak of Bangladesh), Golden Temple, Boga Lake, Nilgiri Resort, Chimbuk Pahar, Jadipai Waterfall, Nafa-Khum Waterfall, Rijuk Waterfall and Shoilo Propat.
