

Located on the banks of the Surma river, Sylhet is known for its tea estates, sub-tropical hills, rainforests and river valleys. This district is also home to various indigenous communities. BRAC runs some of its core programmes such as microfinance, education (BEP), health, nutrition and population (HNPP), and water, sanitation and hygiene (WASH), among others in this district.

Among them, microfinance is the largest programme offering two types of loans – dabi (microloan) and progoti (enterprise loans). There are about 170,000 members and 55,000 borrowers. BEP stands as the second largest programme, running about 480 schools, the adolescent development programme (ADP), and *gonokendros* (community library). HNPP is another core programme running successfully in the area. It is a combination of preventive, curative, rehabilitative and promotional health services focusing on improving maternal, neonatal and child health (IMNCS), and combating communicable diseases and common health problems, forming the key components of essential healthcare. WASH

mainly deals with water and sanitation services. It has achieved 85 per cent sanitation coverage by installing sanitary latrines in schools and villages. BRAC also launched integrated development programme (IDP) in Sylhet Sadar to tackle the various dimensions of poverty. BRAC also runs human rights and legal aid services (HRLS), community empowerment (CEP), and ultra poor graduation (UPG) programmes in the area successfully. BRAC's new initiative, the skills development programme, provides holistic skills development training and decent employment opportunities to enable young women and men to realise their full potential.

## General Information

Population	3,957,000
Sub-districts	13
Unions	105
