Programme Description

BRAC Skills Development Programme (SDP) is providing technical and employability skills through training for underprivileged youth and entrepreneurs. SDP has reached out to **320,289** youth to date. Among them **58.52%** are women. SDP worked on **46** districts covered with training on **43** formal and informal trades. SDP ensures 80% job placement for the learners. SDP works to enhance employment opportunities through apprenticeships, institution-based training and enterprise development, focusing particularly on decent jobs in the growth sectors.

Project/Unit Description

BRAC ISD Online is a digital learning platform initiated by BRAC SDP Programme, in Bangladesh.

The demand for competent and skilled professionals is rapidly increasing in Bangladesh. Although many institutions provide skills training courses, the gap still remains. To fill that gap, we encourage and support young people to pursue skills-development training through a number of multinational training partners. We ensure training and certification at par with global standards and facilitate linkage with the job market. We equip our graduates with trade-relevant skills, knowledge and soft skills to instil them with a competitive edge. Our interactive live sessions and virtual classes allow learners to engage with the best trainers and counselors.
