

Project Fact Sheet

Emergency Response Window

Urban Resilience for Marginal Inhabitants (URMI) in Sirajganj Pourashava

Project reference no: CBF/ERW/NGO/2021/006

Implementing Partner/s:

SKS Foundation

Project Location:

16 slums in Sirajganj Municipality

Beneficiary profile:

Target participants: Covid-19 affected extreme poor households and climate- migrants living in vulnerable conditions

Direct participants with single counting¹: **30,216**

Direct participants with double counting²: **62,140**

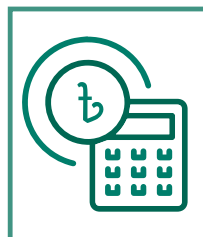

Proposed climate-induced migrants: **80%**

Share of women: **53%**

1. Single count includes participants who receive only one type of support/ service from the project.
2. Double count includes participants who receive support/ services multiple times from different measures within the same project.

Project Duration: 16 August 2022 – 15 August 2024

Total Budget:
BDT 32,675,750

CBF Contribution:
BDT 31,200,000

Implementing Partner's Contribution (own and other sources)
BDT 1,475,750

Outcome/ Objective

Improvement of COVID-19 resilience along with livelihood conditions of 30,000 extreme poor including climate migrants in 16 urban slums of Sirajganj Pourashava

Key problems identified by the project

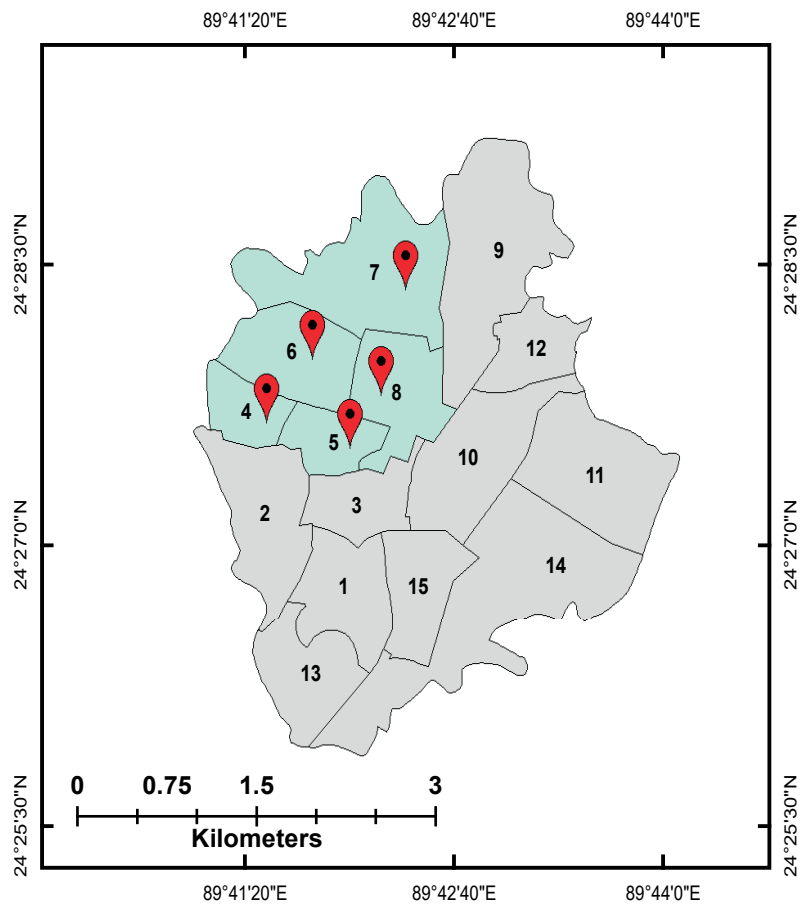

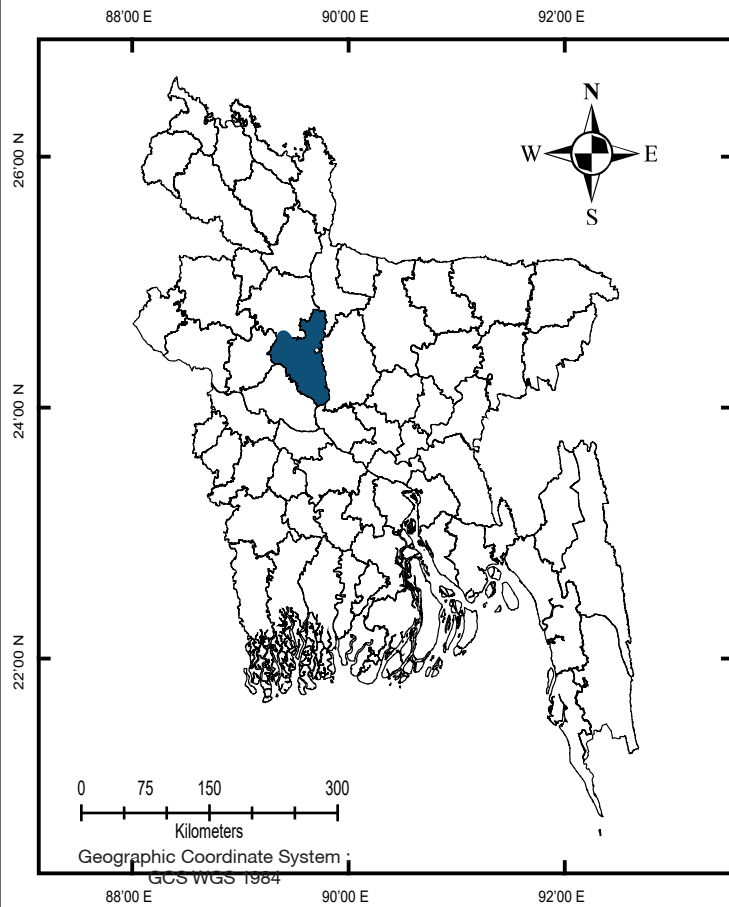

- ▶ Increased health risks due to COVID-19
- ▶ Riverbank erosion and flood affect Sirajganj city almost every year with increasing intensities
- ▶ Inability to repair houses damaged during flood due to poor financial condition
- ▶ Lack of basic services, i.e., water, sanitation, education, health and social
- ▶ Lack of sustainable livelihoods is the core problem for climate migrants
- ▶ Lack of awareness reduces access to services from Pourashava and Government
- ▶ Lower employment opportunity due to lack of skills among climate migrants

Highlights on proposed adaptation/ mitigation solutions

- ▶ Distribution of COVID-19 hygiene materials among 5,000 households
- ▶ Delivering 170 hand washing devices in the community for awareness and to scale up better practices
- ▶ Installation of 9 hand washing stations in eight schools and one health centre
- ▶ Installation (33) and renovation (188) of tube wells at the community
- ▶ 268 existing unhygienic latrines will be converted into hygienic ones
- ▶ Installation of 46 single-pit latrines for extremely poor households
- ▶ Housing improvement support (plinth raising, pillar, roof, wall etc.) for 50 extremely poor and climate-vulnerable households
- ▶ Arranging skill development training for 100 youth to increase income
- ▶ Skill development training and cash transfer for 150 women for starting a business (rearing poultry, duck, cow, sewing etc.)
