

ERMG PROJECT: ONE-STOP SERVICE CENTRE

Urban Development | BRAC

The ready-made garment (RMG) sector in Bangladesh employs **4 million** workers and **64%** of the workforce are **women**. **87%** of RMG workers report experiencing **recurring health challenges**. **80%** of the workforce is **unskilled or semi-skilled**. **70%** of RMG workers remain **unbanked**. **3 out of 4 women** in Bangladesh report **experiencing violence** in some form throughout their lifetime.

BRAC has partnered with **29 RMG factories** with a combined workforce of **62,558 workers**, and established **three one-stop service centres** providing holistic wellbeing services in the major urban industrial centres of **Tongi, Gazipur and Savar**.

The one-stop service centres provide customised solutions to RMG workers in the form of **quality healthcare services, legal aid support, financial services, and skills development training**. The centre is open **6 days a week** and the services are provided **free of charge**.

Our Impact:

101,990

People have received services in health, skills legal and financial aid such as Maya apa and others
